

Privacy policy

What is a Privacy Policy?

General Data Policy Regulation (GDPR) is a regulation designed to provide guidance and information with the ambition to safeguard users of the internet. As a result Data Privacy Policies are developed to reflect and provide information on how we meet the standards within this regulation. The policy recognises the guidelines and processes implemented in meeting the data privacy laws which require that anyone collecting personal information via their website needs to have a statement on how and why they do so.

This privacy policy applies when you use our services including use of website www.thegfsi.com. Davidsons Grace Ltd trading as Grant Funding Source International (theGFSI) governs the privacy of its users who choose to use it.

The policy sets out the different areas where user privacy is concerned and outlines the obligations and requirements of the users, the website and website owners. Furthermore the way this website processes, stores and protects user data and information will also be detailed within this policy.

Our Privacy Policy explains:

- What information we collect and why we collect
- How we use that information

The choices we offer, including how to access and update information.

Introduction

theGFSI is an online business support service. Our service provides a portal designed for sharing of information and signposting, matching service providers with potential customers and clients as well as providing practical business support information. Our Privacy Policy applies to any Member or Visitor to our Services.

Service Providers/Facilitators are pre-approved professionals who use our service to promote and make available information specific to their business and services.

Grant Funders are those offering grant funding from either the public or private sector.

Members are those who procured the provision to access information provided by the service providers/facilitators and or grant funders.

Users/Visitors include anyone accessing the services viewing content and data available to non-members.
